

FIGURE LOGIC P 16

Solve this puzzle as you would a regular crossword. However, instead of the usual definitions, the clues are arithmetic problems or definitions that require you to know the digits to the answer of another clue. Work back and forth between clues and answers to fill in the entire diagram. To help you begin, we've entered 7-Across. (Additional help: The square of a number is that number multiplied by itself.)

ACROSS

1. Square of 2-Down
4. Square of 29-Down
- *7. Three times 10-Down
- 8. One-third of 29-Down
- 9. One more than 8-Across
